

## TESTIMONIALS

"AmCham Shanghai's Student Leadership Program offered me a platform to learn about a variety of industries and careers. Unlike other summer programs, AmCham Shanghai not only equipped me with career skills, but also widened my horizons with its great resources from member companies. Through all the trainings offered, I had the chance to learn and see things that are essential for working in a company, which is extremely valuable at the beginning stage of my career path."

Felix Hsu  
Duke Kunshan University

"Unlike other companies, AmCham Shanghai treats program participants like apprentices, with several program sessions a week including workshops, company visits and meetings with industry leaders. You can also learn from all the different departments and the entire Chamber is like a big family. Moreover, AmCham Shanghai has many committees that hold different activities, which give us the opportunity to learn new things and network."

Jaz Guo  
Imperial College London

"Taking part in this program by AmCham Shanghai has been a fun experience. Here I had the chance to meet new friends and explore different industries. Every week we had opportunities to visit various US companies, which gave us the chance to learn about how companies enter and operate in the China market. In addition to company visits, AmCham Shanghai has provided us with workshops, such as presentation skills and marketing case studies."
