Let me
Hear You.

- Are you interested in mastering executive coaching skills?
- Have you received coaching training so far?
- For coaching to be REALLY appreciated by senior leaders, in which areas can coaching education do a better job?

My Story.

Coaching is a Key Leadership Skill.

- There is no best-practice in an ever-complex world
- The leaders mostly do not have a ready answer - especially on strategic issues
- We need a leadership style that provokes every employee to THINK and LEARN independently.

What kind of org
you would like to
be in?

Why HR Learns Exec Coaching?

According to my incumbent HR students

- Be more influential 360 degree
- Manage up
- Prepare ahead for 2nd half of career

What is Ideal Exec Coaching Like?

According to 200+ execs I've worked with, an effective executive coach should be

- Down-to-Earth - Create values in a BUSINESS CONTEXT
- Effective - Shift coachee's paradigm
- Efficient - Save coachee's time and energy

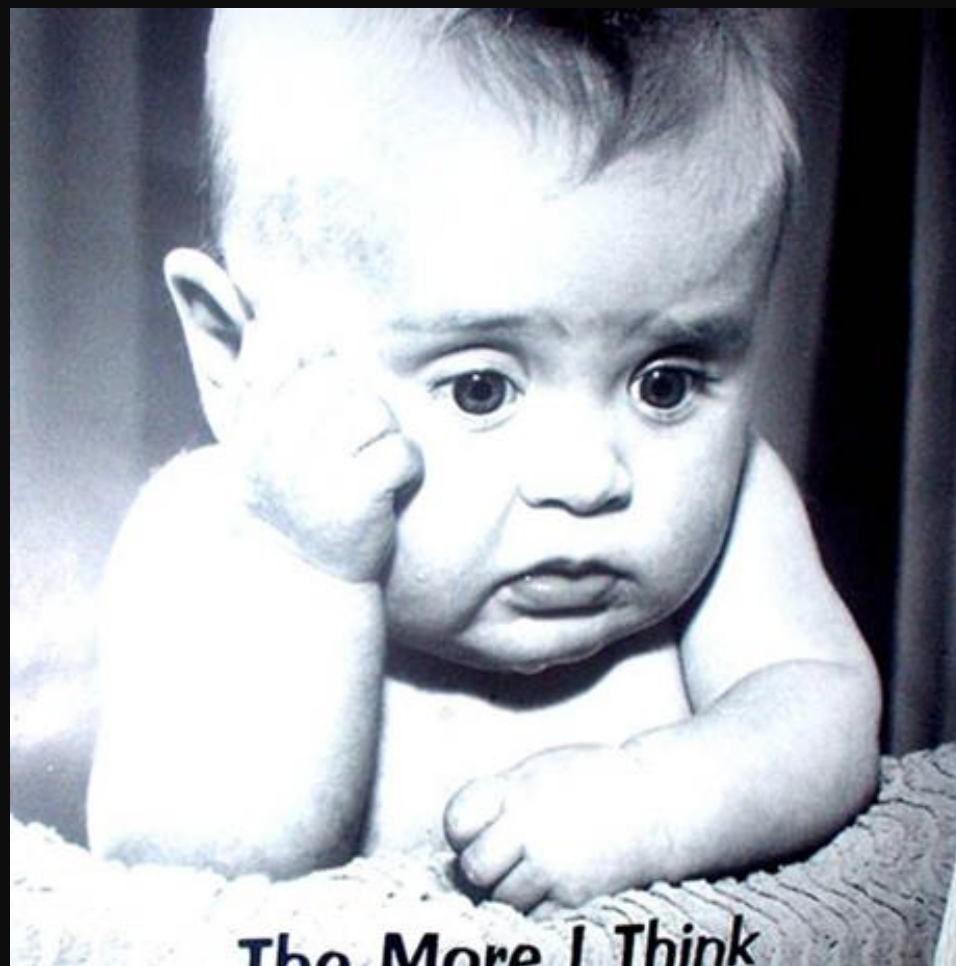

Enough talk.

Time for a fishbowl.

Chris是一个成功的外企HRD。他正在考虑转换跑道，去一家本地企业担任HRVP，也拿到了对方的供职信。但是现在他并不是百分之百确定这是一个好主意。

你是Chris的高管教练。他希望你能帮助他做出一个最理想的决定。
